The 5th edition of **India Manufacturing Show 2022** reasserted its Brand Equity once again as being the Top-Notch Manufacturing Show in India.

Shri Prahlad Joshi, Hon'ble Union Minister for Parliamentary Affairs, Shri Basavaraj Bommai, Chief Minister, Government of Karnataka (GoK) and Dr. Murugesh Nirani, Hon'ble Minister for Large and Medium Industries, Government of Karnataka (GoK) and Shri S R Vishwanath, MLA and Chairman BDA inaugurating IMS 2022 event

Laghu Udyog Bharati-Karnataka and IMS Foundation very successfully organised the 5th India Manufacturing Show: IMS 2022-MSME Aerospace and Defence Expo which kicked off on September 15 and closed on 17, 2022 at BIEC, Bengaluru. Thereby, reaffirming its brand position as being the harbinger of manufacturing sector especially the MSMEs in the nation.

Shri Prahlad Joshi, Hon'ble Union Minister for Parliamentary Affairs, Shri Basavaraj Bommai, Chief Minister, Government of Karnataka (GoK) and Dr. Murugesh Nirani, Hon'ble Minister for Large and Medium Industries, Government of Karnataka (GoK) and Shri S R Vishwanath, MLA and Chairman BDA inaugurated the IMS 2022 event. Several Central and State Government Departmental Heads, dignitaries including industry Leaders and domain experts were present at the Inaugural ceremony on September 15, 2022.

The IMS 2022 is an international exhibition and is a unique platform for technology transfer, innovations, business meets and joint ventures helping to identify potential investors to boost industrial production and collaboration with domestic and international companies.

IMS 2022 provided an ideal platform to the exhibitors to showcase their latest Technologies, Machineries & Equipment, R&D, Communications and Logistics, in the **Aerospace & Defense Engineering, Automation & Robotics, Energy & Environment Electronics and Electricals and General Engineering**, and 'who is who' from India - Central Government Organisations, State Governments and its departments, Corporates and MSMEs participated in the three-day Exhibition-Cum-Conclave in Bengaluru.

The 5th Edition of IMS 2022 created a record of sorts as over 264 DPSUs and Corporate India both Large and MSMEs showcased their products and services. Again, it was a best ever as the Exhibition saw over 11,947 Business Visitors spread over three days. There were over 40, International Visitors and in the exhibitor marketing representatives were around 1,699 physically present on all three days. Over 187 VIPs, 82 Media personnel and 1217, Students visited the two Halls. Total number of footfalls recorded thru registration at the entry point was 15,269.

Shri Prahlad Joshi, Hon'ble Union Minister for Parliamentary Affairs Inaugurating IMS 2022 Exhibition Centre

The last four editions of IMS 2010, 2012, 2014 and 2017 were also a run-away success as far participation and networking was concerned. The 5th edition was organised on a much bigger scale and scope as who-is-who of Indian Aerospace, Defence and General Engineering companies participated in this international exhibition.

At IMS 2022, comprehensive B2B interactions with companies exhibiting were arranged. The event hosted Conclave of Policy Makers, CEOs, industry leaders, domain experts, Scientists and Engineers associated with these sectors.

IMS 2022 was a unique platform for technology transfer, innovations, business meets and joint ventures helping to identify potential investors to boost industrial production, collaboration and international trade.

Vendor Development Conference underway at IMS 2022

The conference which was held concurrently along with the exhibition and was attended by experts of the Aerospace, Defense, Engineering, Manufacturing, Energy, etc. sectors from India.

The Conference was organized at the Cassia Hall in which eminent Speakers shared their thoughts and exchange views on key issues on these sectors.

As the true platform for businesses in every sector of the manufacturing industry, India Manufacturing Show has delivered tangible business benefits for both exhibitors showcasing their products and services, and industry visitors sourcing the same, we are delighted that the exhibition has continued to foster growth in the Indian market and play a key role in offering real opportunities for companies new to the region.

In addition to the strong business opportunities presented at India Manufacturing Show, the show also hosted 10 High level Conferences including Vendor development from top DPSUs like DRDO Labs, HAL, BEL, BHEL, BEML which showcased reserved list for MSMEs to collaborate and co-create products and services for masses.

The primary objective of Vendor Development Program was to develop MSMEs as competitive manufacturers and suppliers of components required by large industries for local and overseas market through international linkages. It is a known fact that Vendor development is one of the popular techniques of strategic sourcing, which improves the value we receive from suppliers. And Laghu Udyog Bharati and IMS Foundation being in the forefront promoting Vendor Development among Entrepreneurs, the last day was entirely dedicated for this purpose. Laghu Udyog Bharati, Karnataka and IMS Foundation in association MSME -Development Institute, Govt. of India hosted this Vendor Development Program under Public Procurement Policy for MSME Sectors where a cross-section of companies participated.

Industry leaders participating in one of the IMS 2022 Conferences

The key focus sectors of the 5th Edition were on five different verticals all related to Aerospace, Defence and General Engineering segments vis-à-vis:

Aerospace and Defence,
Automation, Robotics and Drones,
Electricals and Electronics,
General Engineering,
Energy Environment and EV Transportation.

IMS Foundation prior to the main event had hosted five sectoral conferences to build traction and also to create awareness to the 5th Edition of India Manufacturing Show being held on September 15, 16, 17, 2022 at BIEC, Bangalore.

One of the Exhibitors at IMS 2022

The three-day expo spread over 11,000 m² was the largest exhibition for Micro Small and Medium Enterprises in Aerospace and Defense industry. The participants in the event included leaders from large defense global and Indian OEMs, Defense PSUs and Ordnance Factories as well as Shipyards.

The participating companies at the expo had hugely benefits in the last. Even this year the focus area that of Aerospace and Defence and also related segments are very vigorously promoted by Government of India under the Atmanirbhar Bharat where Prime Minister Shri Narendra Modi ji's objective is to achieve atleast 30-40 percent indigenization component.

Buoyed by the massive response and huge success of IMS 2022, Laghu Udyog Bharati-Karnataka and IMS Foundation has already announced the dates for the 6th edition. The India Manufacturing Show 2023 will be hosted on November 2 to 4, 2023 at BIEC, Bengaluru. As the largest and most influential manufacturing show in the region, we will continue to support the industry on all levels - delivering business results, promoting exchange of knowledge, and recognizing excellence. We look forward to another successful show in 2023.

CM Basavaraj Bommai: Karnataka will be a US\$1 Trillion economy by 2025"

Shri Basavaraj Bommai, Hon'ble Chief Minister, Government of Karnataka (GoK) addressing industry captains at IMS 2022

By 2025 Karnataka will be a US\$1 Trillion economy directly contributing to Prime Minister Narendra Modi's target of achieving a US\$5 Trillion by the same time span.

Delivering his keynote address at the three-day **India Manufacturing Show 2022**, being organised by **Laghu Udyog Bharati-Karnataka and IMS Foundation** today in Bangalore, Chief Minister Shri Basavaraj Bommai today called upon industry leaders to actively participate in making Karnataka a US\$1 Trillion economy by 2025.

He said: "We have the most conducive industry climate in Karnataka vis-à-vis, top-end human capital, industry-friendly policies, the best of R&D facilities and to boost highly pruned Ease of Doing parameters. All put together Karnataka is the only state which offers any new entrepreneur who wants to set up base here and also established players to expand the wherewithal on a platter."

He further called upon industry captains by saying: "Let us all come together with all the vigor in our limits and pledge with commitment to build a new Karnataka and a new India as well to achieve the US\$1 Trillion economy in Karnataka by 2025."

Shri. Bommai said that Karnataka is the first state in India to introduce several standalone policies like R&D policy, EV Policy, Semiconductor policy to name a few in recent times. Karnataka is the only state to introduce Productivity Linked Incentive scheme for FMCG and Semiconductor sectors. "It is our vision and aim to support industry to create wealth for the state and the nation" he further said.

Specifically highlighting on the Defence sector, Shri Bommai said that in the "last 8 years of NDA rule, 60 percent of the Defence production is now indigenized and that will increase to 90 percent in the coming months."

Delivering the Chief Guest address **Shri Prahlad Joshi, Union Minister for Parliamentary Affairs, Coals and Mines** said the "Government is promoting standalone policies to support and foster the growth of Indian Manufacturing sector so that they not only contribute to the National exchequer but also enormously contribute to the socio-economic development of the country. We are constantly working on policies that will ease the burden on corporate India with multiple schemes—be it procedural or administrative, incentives or concessions."

He further said: "The Government is of the opinion that Indian manufacturing sector should be governed by few laws for the simple reason that this will ensure that Business Owners to concentrate more on product development and quality, innovation and ultimately mass production."

He further said: "Self-reliance leads to happiness, satisfaction and empowerment. Our responsibility to make the 21st century, the Century of India, will be fulfilled by the pledge of self-reliant India. This responsibility lies with all of us and Prime Minister Shri Narendra Modi's concept of Atmanirbhar Bharat is just in that direction."

Dr. Murugesh Nirani, Minister, Large and Medium Industries, GoK addressing industry leaders said that Karnataka is one of the leading industrial states of India now holding the fifth highest GDP ranking among all Indian states. Karnataka's GDP growth is very comfortable with two-digit growth consistently. This indicates its potential for further industrial growth."

Shri S R Vishwanath, MLA and Chairman BDA also spoke at the inaugural event of IMS 2022. Several top speakers, Government officials from both State and Central Governments, industry captains, thought Leaders, domain experts and Students from Aerospace and Defence are participating in this event.

About - Laghu Udyog Bharati - Karnataka Chapter

Laghu Udyog Bharati - Karnataka (LUB-K) is the state chapter of LUB catering to the 24 districts of Karnataka and works towards the empowerment of entrepreneurs in Micro and Small sector. LUB-K which has a current membership of 1,400 members, has a vision to cater to all the 31 districts of Karnataka in the coming months.

LUB-K plays an active and important role in promoting business in the State and has an excellent domestic network with all leading Chambers of Commerce. Being the apex organisation in Karnataka that represents MSME sector, LUB-K hosts Seminars / Workshops and interacts with Senior Government officials, both from the Centre/State on critical issues concerning MSME businesses on a regular basis.

About - India Manufacturing Show

The India Manufacturing Show was conceived in 2010 with an objective to promote and showcase manufacturing powerhouse and capabilities of Indian MSMEs to the global as well as domestic markets

India Manufacturing Show (IMS) basically showcases latest trends and advancements happening in the manufacturing sector in the space of new product development across India and the world. The Show also promotes Vendor Development Programme, Executive Development Programme Exhibition product and service display and avenues to B2B interaction directly.

IMS is a perfect platform for businesses in every industry vertical of the manufacturing industry. Over the years, IMS has continued to foster growth in Indian Market and play a mission critical role in offering viable opportunities for companies new to the region.

IMS platform also hosts seminars to motivate and inspire budding entrepreneurs and aspiring students to transform them to becoming 'Entrepreneurs' to serve the nation in the near future.

Being the largest and most influential manufacturing show, IMS continues to support industry on all levels – delivering business results, promoting exchange of knowledge and recognizing excellence.

About - IMS Foundation

IMS Foundation, established in 2011 is a Not-for-Profit and Charitable Trust managed by renowned industry leaders. IMS Foundation is a single largest collaborative platform of all Indian and Global manufacturing entities especially, the Micro, Small and Medium Scale enterprises (MSME) to become Engineering Manufacturing Industries.

IMS Foundation also works extensively in promoting Start-ups pan India.

It also exhaustively collaborates with the State and Central Government on policy formulation and regularly hosts B2G/B2B meetings, organises national and international trade shows, organises industrial visits for MSME units for technology adoption at their bases.

As a CSR initiative, IMS Foundation has been helping Covid-19 patients to recover fast through its various services including setting up of beds, providing medicines, providing food to the needy and many more.

India Manufacturing Show
IMS 2022-MSME Aerospace and Defence Expo
September 15-16-17, 2022 at BIEC, Bengaluru

Initial Impact Study of IMS 2022

The 5th edition of India Manufacturing Show 2022 reasserted its Brand Equity once again as being the Top-Notch Manufacturing Show in India.

Laghu Udyog Bharati-Karnataka in association with **IMS Foundation** very successfully organised the 5th India Manufacturing Show: IMS 2022-MSME Aerospace and Defence Expo which kicked off on September 15 and closed on 17, 2022 at BIEC, Bengaluru. Thereby, reaffirming its brand position as being the harbinger of manufacturing sector especially the MSMEs in the nation.

Chief Minister Shri Basavaraj Bommai inaugurated the Aerospace and Defence Expo along with Shri Prahlad Joshi, Hon'ble Union Minister for Parliamentary Affairs, Dr. Murugesh Nirani, Hon'ble Minister for Large and Medium Industries, Government of Karnataka (GoK) and Shri S R Vishwanath, MLA and Chairman BDA. Several Central and State Government Departmental Heads, dignitaries including industry Leaders and domain experts participated in the 5th Edition of IMS 2022.

India Manufacturing Show is an international exhibition and is a unique platform for technology transfer, innovations, business meets and joint ventures helping to identify potential investors to boost industrial production and collaboration with domestic and international companies.

IMS 2022 provided an ideal platform to the exhibitors to showcase their latest Technologies, Machineries and Equipment, R&D, Communications and Logistics, in the **Aerospace & Defense Engineering, Automation & Robotics, Energy & Environment Electronics and Electricals and General Engineering**, and 'who is who' from India -Central Government Organisations, State Governments and its departments, Corporates and MSMEs participated in the three-day Exhibition-Cum-Conclave in Bengaluru.

The 5th Edition of IMS 2022 created a record of sorts as over 400 DPSUs and Corporate India both Large and MSMEs showcased their products and services. Again, it was a best ever as the Exhibition saw over 11,947 Business Visitors spread over three days. There were over 40 International Visitors. In all exhibitor marketing representatives were around 1,699 physically present on all three days. Over 187 VIPs, 82 Media personnel and 1217, Students visited the two Halls. Total number of footfalls recorded thru registration at the entry point was 15,269.

In addition to the strong business opportunities presented at India Manufacturing Show, the show also hosted 10 High level Conferences including Vendor development from top DPSUs like DRDO Labs, HAL, BEL, BHEL, BEML which showcased reserved list for MSMEs to collaborate and co-create products and services for masses.

Laghu Udyog Bharati, Karnataka and IMS Foundation in association MSME -Development Institute, Govt. of India hosted this Vendor Development Program under Public Procurement Policy for MSME Sectors where a cross-section of companies participated.

The primary objective of Vendor Development Program was to develop MSMEs as competitive manufacturers and suppliers of components required by large industries for local and overseas market through international linkages. It is a known fact that Vendor development is one of the popular techniques of strategic sourcing, which improves the value we receive from suppliers. And Laghu Udyog Bharati and IMS Foundation being in the forefront promoting Vendor Development among Entrepreneurs, the last day was entirely dedicated for this purpose.

One important conference at IMS 2022 was related to DRDO's new Scheme called Technology Development Fund (TDF scheme) where the Head of the TDF division Shri Arjun Kumar exhaustively delivered a presentation showcasing funding opportunities available to adopt technology and also co-create products and services by the MSMEs. Over 1000 representatives at the exhibition benefited out of this very important session.

TDF Scheme extends financial support and expertise to upgrade existing products/ systems, processes and its applications by reducing production costs.

In addition, almost of the exhibitors in their feedback, expressed that have hugely benefited out of this expo by way of networking, business and marketing linkages, export opportunities, technology adoption options, co-creating opportunities, vendor participation to name a few. They also expressed their desire to participate in 6th edition of IMS scheduled for November 2022.

Overall, the basic objective of India Manufacturing Show that of making Karnataka the Numero Uno State as far as manufacturing and economic hub of India has been truly achieved with the hosting of IMS 2022.
